NEVER LAND RESCUE

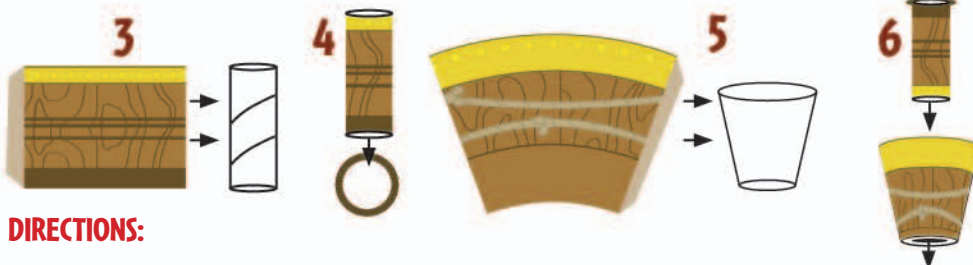

SPYGLASS CRAFT

Ahoy ye pirates! Here be a super fun pirate craft for you and your crew!

YOU WILL NEED:

- Paper cup (the bottom of the cup has to be bigger than a toilet paper roll)
- Toilet paper roll
- Scissors
- Glue
- Black marker

DIRECTIONS:

- 1) Have an adult help you cut out the templates from the following pages.
- 2) Trace around the toilet paper roll on the bottom of your cup. Cut out the hole (this is where your toilet paper roll will be inserted).
- 3) Toilet Paper Roll - Wrap the toilet paper roll with the appropriate piece from the template, overlap the edge, adjust to size and glue. Let dry.
- 4) Spread some glue around the brown colored end of the toilet paper roll and glue on the ring from the template (the ring will stop the toilet paper roll from coming out of the hole in the cup).
- 5) Paper Cup - Wrap the paper cup with the appropriate piece from the attached template. Align to the top of the cup, overlap the edge, adjust to size and glue. Cut off the excess. Let dry.
- 6) Once the glue is dry insert the toilet paper roll into the hole in the cup. Insert the end that does not have the ring attached.
